Kigali, Rwanda

Regulatory and Policy System of China on Import and Export

1999

The Ministry of Ecology and Environment (MEE), the Ministry of Commerce (MOC) and the General Administration of Customs (GAC) jointly issued *the Measures for the Administration of the Import and Export of ODS*

2000

MEE, MOC and GAC jointly established the National Management Office of ODS Import and Export (IE Office)

2010

- The State Council promulgated the *Regulations on the Administration of ODS*
- *The Measures for the Administration of the Import and Export of ODS* was revised in accordance with the Regulations in 2014

2021

- On September 15, 2021, the Kigali Amendment officially entered into force in China
- As of November 1, 2021, China has officially started to implement an import and export licensing system for HFCs

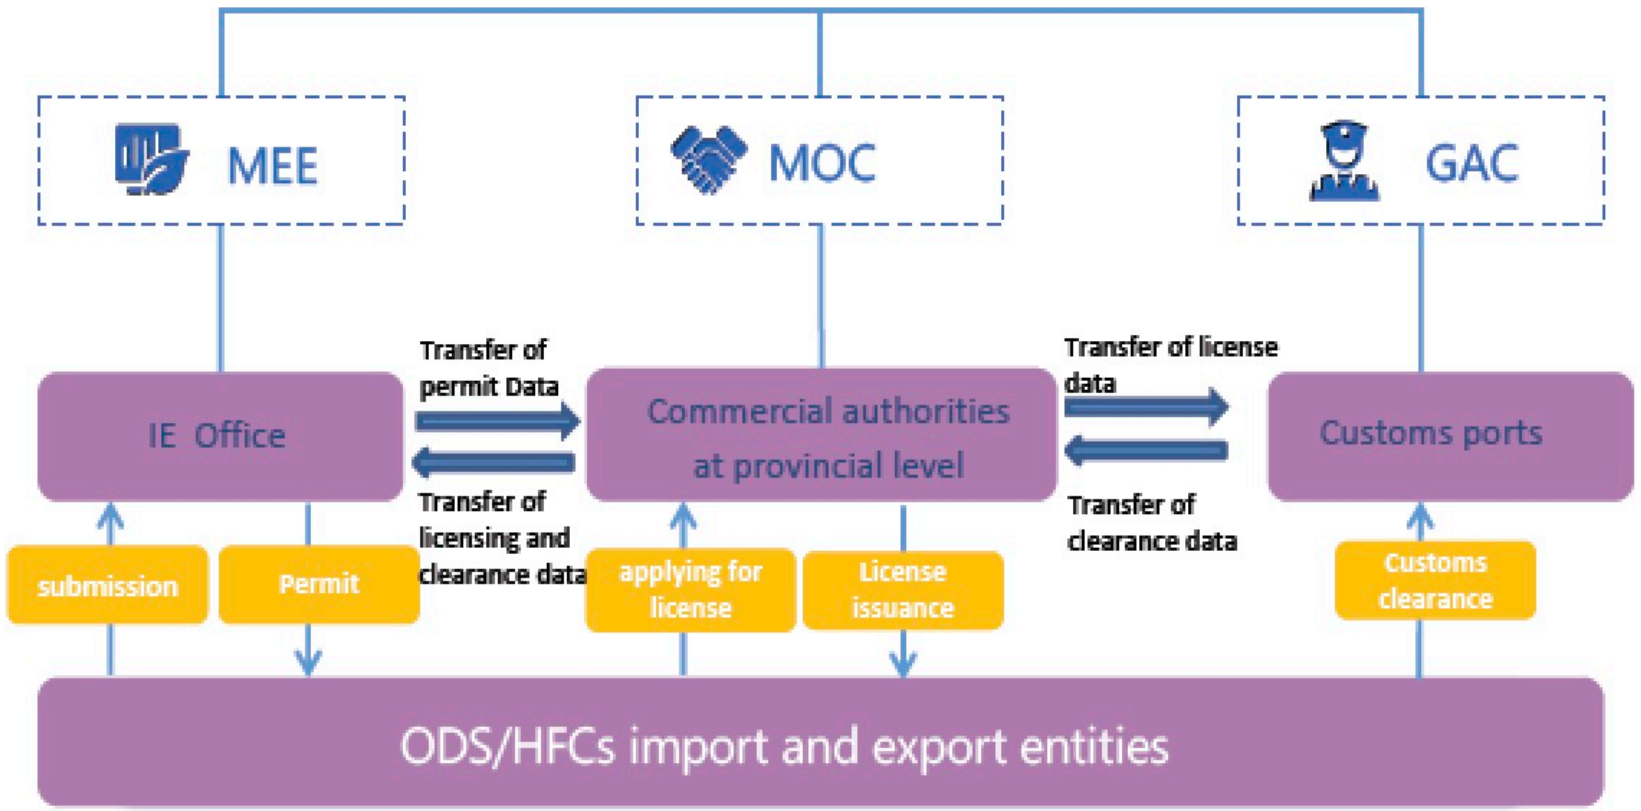
2024

China has amended its *Regulations on the Administration of ODS,* with the revised version coming into effect on March 1, 2024

2025

- *The Measures for the Administration of the Import and Export of ODS* were further revised pursuant to the newly amended Regulations and took effect on May 1, 2025

Review and Approval of Import and Export Licenses



The HCFCs import quota:

- Implemented since 2013
- No HCFCs import quota has been issued since 2021

The HFCs import quota:

- Implemented since 2024
- Annual national import quota set at 100 million tonnes CO_2e

Year 2025:

- Approved Applications: 22,190
- Total Trade Volume: 485,737 metric tons
- Global Reach: Over 170 countries and regions

Measures to Ensure Compliance with Laws and Regulations

- **No exceeding of the annual quota (if any);**
- **Basic information including chemical name, quantity, use, source and trading country of the controlled substance;**
- **Comprehensive, effective and legitimate trade contract information;**
- **For special use, an import license or official documentation indicating the use shall be provided;**
- **Confirmation through iPIC mechanism: In 2025, initiated iPIC inquiries of 2,409 batches, of which 25 were rejected, thereby preventing 413 metric tons of potential illegal trade.**

- Capacity Building for Customs Officers

ODS进出口执法能力加强项目自2012年分三期开展 ODS import and export enforecment capacity enhancement Project Stage I 、Stage II、StageIII

Achievement	① A law enforcement team with more comprehensive compliance knowledge and capacity was created; ② strengthen the measures of ODS's management and control; ③ Establish a long-term working mechanism to combat the illegal trade of ODS ④ 44 training workshop were organized from 2012-2025， More than 6000 local customs officers were trained. ⑤ 150 ODS identifiers were provided to local Customs.
Project I(2012.10) Anti-smuggling dept.	**Project II(2014.9) Management dept. Project III(2021.9)Anti- smuggling &Management dept.**
Customs	Shanghai, Ningbo, Wulumuqi, Huangpu, Nanjing, Qingdao, Shenzhen, Xiamen, Haerbin, Hangzhou, Nanjing (Key customs and border checkpoints)
Measures	✓Strengthening the risk profiling(airline/enterprises/product name) ✓Increasing the numbers of inspection(The inspection rate of goods involved in ODS has increased from 3% to 10%) ✓Strengthening the audit of customs declaration and licence documents ✓Publicities and training(domestic and abroad) ✓Joint mechanism of combatting ODS illegal trade

- Cooperation between MEE and Customs

Thanks for listening!
