

**Activities held in Cambodia by the Ministry of Environment on the occasion of the 2005 International Day for the Preservation of the Ozone Layer**

- Broadcast of the Prime Minister's statement on ozone protection through national TV channels and nationwide newspapers.
- Training for customs and Cam-control Department officials on inspection and control of ozone depletion substances.
- Raising awareness by hanging banners and slogans along several important streets in Phnom Penh with the theme "Act Ozone Friendly – Stan Sun Safe".
- Dissemination of the Government's regulation on ODS management and distribution in schools of the comic book on protection of the ozone layer.
