Ad Hoc Working Group of Legal and
Technical Experts for the Elaboration
of a Global Framework Convention for the
Protection of the Ozone Layer
Third Session

Geneva, 17-21 October 1983

DRAFT ANNEX CONCERNING MEASURES TO CONTROL, LIMIT AND REDUCE THE USE
AND EMISSIONS OF FULLY HALOGENATED CHLOROFLUOROCARBONS (CFCs)
FOR THE PROTECTION OF THE OZONE LAYER

Provisional comments

1. The attached draft annex was submitted at the second part of the second session of the Ad Hoc Working Group (Geneva, 11-15 April 1983) by the experts from Finland, Norway and Sweden; it is reproduced in Annex III of the Report of the session (UNEP/WG.78/13). A summary record of the presentation of the proposal, and of comments and discussion by the experts present, is contained in section B of the Report (paragraphs 17 to 22).
2. In accordance with the recommendations of the Ad Hoc Working Group, the Executive Director of UNEP communicated the proposed annex to Governments, by letter dated 14 July 1983, with a request for comments to be transmitted to the UNEP secretariat by 15 August 1983.
3. In order to take into account all comments received prior to the third session of the Ad Hoc Working Group, including comments which may be transmitted after the suggested deadline, the UNEP secretariat will prepare a summary of comments by Governments as an addendum to the present document (UNEP/WG.94/4, Add.1), to be made available at the meeting.

DRAFT ANNEX CONCERNING MEASURES TO CONTROL, LIMIT AND REDUCE THE USE
AND EMISSIONS OF FULLY HALOGENATED CHLOROFLUOROCARBONS (CFCs)
FOR THE PROTECTION OF THE OZONE LAYER

Article 1. The contracting parties shall take all appropriate measures to end the use of CFC-11 and CFC-12 in aerosol cans, except for essential uses. Each contracting party shall decide on a target date for terminating the use of CFC-11 and CFC-12 in aerosol cans, except for essential uses.

Each contracting party shall inform the secretariat of the uses it considers as essential.

Article 2. The contracting parties shall agree on and implement measures to control, limit and reduce emissions of fully halogenated CFCs by developing and using the best practicable technologies to limit emissions in the sectors of foam plastic, refrigeration, solvents and others.

The contracting parties shall co-operate in providing assistance to developing States in order to enable them to participate in these actions.

Article 3. Each contracting party shall provide the secretariat with:

(a) Relevant figures concerning its production and production capacity in regard to fully halogenated CFCs;

(b) Relevant figures concerning its use of CFC-11 and CFC-12 in the production of aerosol cans;

(c) Information on its experience in limiting emissions of fully halogenated CFCs in the sectors of foam plastics, refrigeration, solvents and others;

(d) Information on the target date provide for in article 1.

This transfer of information shall start within six months after the entry into force of this convention, or in case where a party accedes to the convention at a later date, six months after its entry into force for that party. It shall be repeated at intervals to be agreed upon by the conference of the parties.
