RE: Proposal by the Federated States of Micronesia (FSM)

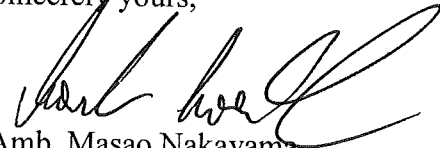

Dear Mr. González:

The Federated States of Micronesia herewith submits the attached proposal to amend the Montreal Protocol, along with a brief summary of the proposal.

We offer this proposal, in the hope that the Parties will strengthen the Treaty in a way that further protects both the Earth's ozone layer and its climate system.

We respectfully request that this proposal be circulated to the Parties for consideration at the November 2011 meeting.

Sincerely yours,

for 
Amb. Masao Nakayama

Permanent Representative of the Federated States of Micronesia to the United Nations
