

Invitation to the Side-Event at the 30th OEWG (14-18 June, 2010)

“Presentation of three new SolarChill prototypes”

Date: 16th of June, 13.00-15.00h

Venue: Conference Room 15, International Conference Centre, Geneva, Switzerland

13.00 -13.10	<p>Welcome address</p> <p>Dr Volkmar Hasse, GTZ-Proklima</p>
13.10 - 13.30	<p>Backgrounds to the Solarchill project</p> <p>Janos Maté, Greenpeace International</p> <p>Q & A</p>
13.30 – 14.00	<p>Development and testing of the three new SolarChill Models</p> <p>Roy Singh, Palfridge Limited, Swaziland Manufacturer of commercial and domestic refrigeration equipment</p> <p>Q & A</p>
14.00 – 14.15	<p>Screening of film</p> <p>“Cooling with the sun -Green refrigerators in Swaziland” Deutsche Welle -TV</p>
14.15 – 15.00	<p>Discussion, wrap-up, conclusion</p>

Background:

In cooperation with PalFridge, a local manufacturer of refrigeration equipment in Swaziland, three new SolarChill prototypes have been developed (a vaccine cooler, commercial refrigerator and household refrigerator). All SolarChill models operate with climate-friendly hydrocarbon refrigerants. GTZ Proklima will showcase the new SolarChill models and also host a related side-event. The project activity is funded by the German Environment Ministry within the International Climate Initiative and implemented by GTZ-Proklima.
