Charles O. Hancock, is a private medical device sterilization consultant with Charles O. Hancock Associates, Inc. Mr Hancock has an interest in the topics of the Montreal Protocol because he is actively engaged in the safe and effective delivery of sterilization processes for medical devices in healthcare applications. Mr Hancock has proprietary interest in alternatives or substitutes to ODS, owns stock in a company producing alternatives or substitutes to ODS, does not have an interest in the outcome of essential use nominations, and does provide consulting for organizations seeking to phase out ODS. Mr Hancock's spouse has no interest in matters before the Protocol. Mr Hancock works frequently as a consultant to governments, companies, and healthcare institutions on matters related to the Montreal Protocol. Travel to MTOC meetings is paid by Mr Hancock.
