№ 01/11 - 2020

« 12 » « 11 » 2020թ.

To: Megumi Seki Nakamura
Acting Executive Secretary
Ozone Secretariat
UN Environment Programme
P.O.Box 30552-00100
Nairobi, Kenya
E-mail: meg.seki@unep.org

Dear Ms. Seki;

The Government of Armenia wishes to reiterate that Armenia has banned the import of new and used ODS-based (including HCFC-based) commercial refrigeration equipment, freezers, mobile systems, air-conditioners, chillers and aerosols since 1 January 2015 under an enforceable operational licensing and quota system for the control of import and export of HCFCs.

I would like to use this opportunity to express my appreciation to the Ozone Secretariat for its continued support, and to reconfirm that Armenia's import/export licensing and quota system for HCFCs is operational, effective and capable of ensuring compliance with the Montreal Protocol phase-out provisions for HCFCs.

Please accept the assurance of my highest consideration.

Sincerely yours,

Liana Ghahramanyan
Legal Advisor to the Minister
National Ozone Focal Point
