**Eighteenth Meeting of the Parties
to the Montreal Protocol on
Substances that Deplete the Ozone Layer**
New Delhi, 30 October–3 November 2006

List of Parties to the Montreal Protocol that do not manufacture for domestic use and do not wish to import products and equipment relying on Annex A and B substances pursuant to Decision X/9 of the Meeting of the Parties to the Montreal Protocol*

Party	Comments made by a Party at the time of making submission to the Secretariat
Afghanistan	
Albania	
Algeria	
Antigua and Barbuda	Does not want to import vehicles, equipment and other systems which use ODS in their operations from Japan, Taiwan, Republic of Korea, Malaysia, Hong Kong, Indonesia, Singapore, Mexico, Brazil and Venezuela.
Argentina	Does not wish to import aerosol products whose functioning relies on Annex A substances for their propulsion, except for medical uses and cleaning of electronic circuits. By law 24040 the production of aerosols dependent on Annex A substances is prohibited since December 1993, except for the uses mentioned above.
Australia	Except portable fire extinguishers where: <ul style="list-style-type: none"> (a) the product is essential for medical, veterinary, defence, industrial safety or public safety purposes; and no practical alternative exists to the use of scheduled substances in the operation or manufacture, as the case requires, of the product if it is to continue to be effective for such a purpose; (b) because of the requirements of a law concerning the manufacture or use of the product, there is no practical alternatives to the use of the scheduled substances in the operation or manufacture, as the case requires, of the product; or

* The Secretariat should appreciate receiving necessary updates to individual Party's missing information for inclusion in subsequent publication of this Information Note.

For reasons of economy, this document is printed in a limited number. Delegates are kindly requested to bring their copies to meetings and not to request additional copies.

	(c) the product is for use in conjunction with the calibration or scientific, measuring or safety equipment.
