

## **Croatia**

### **International Day for the Preservation of the Ozone Layer, 16 September 2010**

Croatia is planning to organize various activities on the theme "Ozone layer protection: governance and compliance at their best" to celebrate the International Day for the Preservation of the Ozone Layer on 16 September 2010.

- The Ministry of Environmental Protection, Physical Planning and Construction is preparing the translation of the brochure „Vital Ozone Graphics 2.0 Climate Link - Resource kit for journalists" which will be published on Ministry's website.
- In the cooperation with a well known Croatian illustrator, the Ministry is going to create the new concept design which will be used on all the promotional materials and jumbo posters which we are planning to produce.
- The Ministry is planning to announce the information that the Montreal Protocol has been recognized around the world as the most effective multilateral environmental treaty ever implemented on its website to awaken the public about the success of the Montreal Protocol.
