

Activities held in Iran on the occasion of the 2006 International Day for the Preservation of the Ozone Layer

- Speaking at a conference in Sari, Mazandaran province on protecting the ozone layer, the Director of Department of Environment's National Office for Preservation of Ozone Layer acknowledged that consumption of ozone depleting substances has inflicted harms on the environment.
- Fereydoun Rostami urged that ODS transactions be controlled to prevent an increase in factors damaging the ozone layer. Monitoring customs offices is among the top programmes of the office in the trade sector.
