

**Activities held in Singapore on the occasion of the 2006 International Day for the Preservation of the Ozone Layer**

- The National Environment Agency (NEA) produced car decals for distribution. They were distributed to members of the public and also to cab drivers in Singapore. The decals will also be distributed at the SEAP Network meeting in Indonesia in October 2006.
- They also disseminated the UN Secretary General's message via their website at the following address:
