

**Activities held in Turkmenistan on the occasion of the 2006 International Day  
for the Preservation of the Ozone Layer**

- The National Ozone Unit organised a presentation which included an educational television film, the Ozzy Ozone cartoon video and an introduction of the "OzonAction Education pack - A guide for primary school teachers." This presentation was diffused via the Ministry of Education. 100 CD copies of the educational film and the Ozzy Ozone cartoon in Russian and Turkmen were later disseminated.
- On 16 September, about 250 t-shirts with the Ozzy Ozone logo were widely distributed to schoolchildren and college students.
