

**Activities held in Mexico on the occasion of the 2006 International Day for the Preservation of the Ozone Layer**

On 7 and 8 September, SEMARNAT carried out an international seminar in Chiapas, México, on ODS illicit trade control. Representatives from environmental and customs agencies from Canada, United States, Panama, Belize and China attended the meeting. There was also attendance from the Mexican government as well as from international agencies and NGOs. In particular, the Policy and Enforcement Officer from UNEP/ROLAC, Ms. Artie Dubrie, was one of the lecturers together with representatives from UNIDO and Environmental Investigation Agency.
