I, Hélène Rochat nominated by Switzerland residing in Switzerland, a Co-chair of the TEAP Decision XXXI/7 Task Force on Energy Efficiency (hereinafter referred to as the Energy Efficiency Task Force or EETF) declare as follows:

1) I have read the Conflict of Interest and Disclosure Guidelines for the Technology and Economic Assessment Panel, its Technical Options Committees and Temporary Subsidiary Bodies (“the COI Guidelines”) as adopted by the Meeting of the Parties in Decision XXIV/8.

2) I am an energy efficiency project manager at Topten Gmbh. My responsibilities include providing technical knowledge to government and other organisations on energy efficiency policy for energy-related products and the promotion of these programmes through rebate programmes. The overall aim of Topten being the market transformation towards energy efficiency appliances and other products.

3) This declaration constitutes my written agreement, pursuant to paragraph 8 of the COI Guidelines, to comply with the Guidelines. I understand that this written agreement is a condition of my service.

4) My interests¹, include the following -

---
¹ When making a disclosure of interest, consider the COI Guidelines as a whole, and in particular the Annex which gives the following illustrative list of interests that should be disclosed -

(a) A current proprietary interest of a member or his/her personal partner or dependent in a substance, technology or process (e.g., ownership of a patent) to be considered by the Technology and Economic Assessment Panel or any of its technical options committees or temporary subsidiary bodies;

(b) A current financial interest of a member or his/her personal partner or dependent, e.g., shares or bonds in an entity with an interest in the subject matter of the meeting or work (but not shareholdings through general mutual funds or similar arrangements where the expert has no control over the selection of shares);

(c) A current employment, consultancy, directorship or other position held by a Member or his/her personal partner or dependent, whether or not paid, in any entity which has an interest in the subject matter of the Technology and Economic Assessment Panel. This element of disclosure also includes paid consultancy efforts performed on behalf of an implementing agency to assist developing countries to adopt alternatives;

(d) The provision of advice on significant issues to a government with respect to its implementation of the Montreal Protocol or engaging in the development of significant policy positions of a government for a Montreal Protocol meeting;

(e) Performance of any paid research activities or receipt of any fellowships or grants for work related to a proposed use of an ozone-depleting substance or an alternative to a proposed use of an ozone depleting substance.

Relevant financial relationships between Members should be disclosed.
