WORKSHEET
EPISODE I LESSON I —

THE BIG IDEA

1. Ozone layer depletion leads to changes over time.
2. Uncertainty and lack of information can drive fear.
3. A variety of character traits can empower and hinder heroes.

I CAN / I WILL / OUTCOME STATEMENT

- > I will compare and contrast community changes due to ozone layer depletion over time.
- > I will empathise with those affected by ozone layer degradation.
- > I can identify characteristics of change makers.

MIND MAP

Lesson 1: In one colour of your choice, write or draw everything that you know about the ozone layer.

Lesson 3: Using a different coloured pencil than during Lesson 1, add anything new that you have learned about the ozone layer to your mind map.

HELP KNOX EXPRESS HER FEELINGS

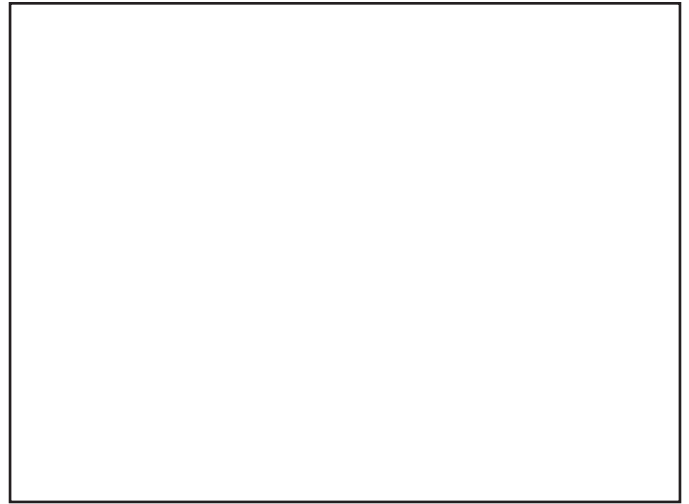

What are some feelings or emotions that Knox may have been feeling? Remember that there are no adults, her GROW has been spreading, she isn't sure how to fix it, and there is nobody around with any answers or solutions.

COMPARE

Compare the city between 2055 and 2084 as shown in the episode. How are these years different than 2021? What do you think the year 2100 will look like if Knox is unable to find a solution?

2021

2055

2084

CHARACTER TRAITS

Circle in RED the character traits that Knox has. Circle in BLUE which ones Sagan has. In GREEN, circle which ones you have. Circle in ORANGE the ones that the Mystery Lady has. Do you share any traits with the main characters? Which are unique to you? In the extra line, write any other traits you can think of.

Adventurous	Afraid	Brave	Caring	Cautious
Cheerful	Confident	Energetic	Fair	Funny
Generous	Humble	Loyal	Mature	Mean
