WORKSHOP OF EXPERTS TO DEVELOP
SPECIFIC AREAS AND A CONCEPTUAL
FRAMEWORK OF COOPERATION,
Montreal, 3 April 2005

PROVISIONAL AGENDA

1. Introduction – Purpose of workshop – to develop specific areas and a conceptual framework of cooperation in addressing illegal trade in ozone depleting substances pursuant to paragraph 6 of decision XVI/33.
2. Presentation of materials identified by the Parties in decision XVI/33 as being relevant to the mandate of the workshop:
 - (a) Presentation on further ideas submitted by Parties pursuant to paragraph 4 of decision XVI/33, or contributed by the Parties present at the meeting;
 - (b) Presentation of the information included in the note of the Secretariat to the 16th Meeting of the Parties on streamlining the exchange of information on reducing illegal trade;
 - (c) Presentation of the Secretariat's proposed Terms of Reference for a Feasibility Study on developing a system of tracking trade in ozone depleting substances pursuant to paragraph 5 of decision XVI/33;
 - (d) Presentation of the Report of UNEP DTIE on activities of the regional networks in combating illegal trade.
3. Presentation of any submissions from other MEA Secretariats or other relevant bodies that have been invited to share with us their frameworks for dealing with illegal trade (the Secretariat has invited contributions from CITES, CBD, Basel, Rotterdam, Interpol, EIA and WCO).
4. Discussion of components of a conceptual framework of cooperation between Parties and other bodies in combating illegal trade in ozone-depleting substances in light of the presentations above.
5. Closure of the workshop.
