Seventeenth Meeting of the Parties to  
the Montreal Protocol on Substances that  
Deplete the Ozone Layer  
Dakar, 12–16 December 2005

**Licensing systems (Article 4B, paragraph 4, of the Montreal Protocol) and  
focal points for licensing systems for trade in ozone-depleting substances  
(decision IX/8, paragraph 2)**

**Report by the Secretariat**

1. Pursuant to Article 4B, paragraph 4, of the Montreal Protocol on Substances that Deplete the Ozone Layer, as amended, the Secretariat is required to prepare and circulate periodically to all Parties a list of Parties which have reported to the Secretariat on their licensing systems. The Secretariat is also required to forward that information to the Implementation Committee under the Non-Compliance Procedure for the Montreal Protocol for its consideration and appropriate recommendations to the Parties.
2. Annex I to the present report lists all Parties to the Montreal Amendment to the Montreal Protocol which had established licensing systems and subsequently notified the Secretariat by 15 October 2005. In accordance with paragraph 1 of Article 4B of the Protocol, each Party should have established and implemented a licensing system by 1 January 2000 or within three months of the date of entry into force of that Article. Annex II to the present note contains a list of States which are Parties to the Montreal Protocol but are not yet Parties to the Montreal Amendment and have already established and implemented licensing systems.
3. At the sixteenth Meeting of the Parties to the Montreal Protocol, the Parties adopted decision XVI/32 which, among other matters, urged all the remaining 39 Parties to the Montreal Amendment to provide information to the Secretariat on the establishment of import and export licensing systems, and for those that had not yet established such systems to do so as a matter of urgency. The decision also encouraged all the remaining Parties to the Montreal Protocol that had not yet ratified the Montreal Amendment to ratify it and to establish import and export licensing systems if they had not yet done so. The Secretariat conveyed that decision to all the Parties concerned in a communication of February 2005.
4. Annex III to the present report lists focal points for licensing systems for the purpose of facilitating efficient notification and/or reporting and/or cross-checking of information based on the information provided by the Parties as of September 2005 (decision IX/8, paragraph 2). Parties are requested to inform the Secretariat whenever their contact details require updating.
