2. *To urge* all States that have not already ratified the Vienna Convention, the Montreal Protocol and the London, Copenhagen and Montreal Amendments, to do so expeditiously. Universal participation is necessary to ensure the protection of the ozone layer;

Decision V/2. Reports of the three assessment panels

1. *To take note*, with appreciation, of the reports of the Scientific, Environmental Effects and Technology and Economic Assessment Panels and the Technical Options Committees;
2. *To acknowledge and encourage* the collaboration of the Assessment Panels with the Intergovernmental Panel on Climate Change, the Subsidiary Body on Scientific, Technical and Technological Advice under the United Nations Framework Convention on Climate Change and the International Civil Aviation Organization;
3. *To acknowledge* the important role played by the Scientific Assessment Panel in coordinating its report and the contributions by the World Meteorological Organization, the national agencies and international organizations to the preparation of the report;

Decision V/3. Recommendations of the fourth meeting of the Ozone Research Managers

1. *To take note* of the report of the fourth meeting of the Ozone Research Managers;

/...

3. *To request all Parties:*
- (a) To continue to maintain instruments and develop the monitoring, calibration and archiving of measurements of stratospheric and tropospheric ozone, including measurements of vertical ozone profiles and of other trace species and aerosols that are essential and to pursue the development and implementation of new observational capabilities such as aircraft and satellite-based measurements hand-in-hand with an accelerated programme for ground-based instrument calibration;
 - (b) To expand the ground-based ozone stations, especially in the continental part of Asia (e.g., Siberia), as well as in the Caribbean and Central American region;
