Ad Hoc Working Group of Legal and  
Technical Experts for the Elaboration  
of a Global Framework Convention for  
the Protection of the Ozone Layer  
Third session

Geneva, 17-21 October 1983

## ANNOTATED PROVISIONAL AGENDA

1. Opening of the session

The third session will be opened at 10.30 a.m. on Monday, 17 October 1983 in the Palais des Nations, Geneva.

2. Election of officers

The meeting will elect a chairman, a vice-chairman and a rapporteur.

3. Organization of work

The meeting will decide on how the work of the third session should be organized. (It is suggested that the work of the meeting will normally be conducted in Plenary with provision for small working groups as necessary, it being understood that interpretation services are provided for one meeting at a time).

4. Consideration of a global framework convention for the protection of the ozone layer

The mandate of the meeting is laid down in part two, B.i. of Governing Council decision 11/7 of 23 May 1983 on programme matters. In accordance with this decision, the Executive Director was requested to convene a third session of the Ad Hoc Working Group in 1983 and, if required, a fourth session in 1984, with a view to having the Working Group, if possible, complete its work and transmit an agreed draft text of a convention through the Executive Director and the Governing Council, to the General Assembly of the United Nations.

The meeting will have before it the following documentation:

- UNEP/WG.78/13 - Report of the Ad Hoc Working Group of Legal and Technical Experts for the Elaboration of a Global Framework Convention for the Protection of the Ozone Layer (second part of the second session, 11-15 April 1983, Geneva)
- UNEP/WG.94/1 - Provisional Agenda
- UNEP/WG.94/2 - Annotated Provisional Agenda
- UNEP/WG.94/3 - Second revised draft convention for the protection of the ozone layer, with additional commentary
- UNEP/WG.94/4 - Summary of comments by Governments on the Annex concerning measures to control, limit and reduce the use and emissions of fully halogenated chlorofluorocarbons (CFCs) for the protection of the ozone layer submitted by Finland, Norway and Sweden (Tentative)

Information documents

- UNEP/WG.69/10 - Report of the Ad Hoc Working Group of Legal and Technical Experts for the Elaboration of a Global Framework Convention for the Protection of the Ozone Layer (first session, Stockholm, 20-28 January 1982)
- UNEP/WG.78/2 - Draft convention for the protection of the ozone layer with commentary
- UNEP/WG.78/3 - Alternative structures and formats for technical annexes and/or protocols relevant to the draft convention for the protection of the ozone layer
- UNEP/WG.78/4 - Institutional arrangements of the draft convention for the protection of the ozone layer
- UNEP/WG.78/5 - Procedures and limitations of assessing socio-economic impacts of alternative strategies for protection of health and the environment from adverse effects of the ozone layer
- UNEP/WG.78/6 - Aspects of the international transfer of technological information concerning activities which may affect the ozone layer
- UNEP/WG.78/7 - Financial implications of the implementation of the convention for the protection of the ozone layer

- UNEP/WG.78/8 - Report of the working group (first part of the second session (Geneva, 10-17 December 1982))
- UNEP/WG.78/10 - Revised draft convention for the protection of the ozone layer with additional commentary
- UNEP/WG.78/11 - A special paper on the possible contents of annexes, and/or protocols
- UNEP/WG.78/12 - Executive summary of the recommendations of the Co-ordinating Committee on Ozone Layer

5. Other business

The meeting may consider subsequent steps to be taken to continue the work of UNEP in this regard.

6. Adoption of the report

The meeting is expected to adopt its report.

7. Closure of the meeting

Closing statements will be made by the representative of the Executive Director and Chairman, followed by the closure of the meeting which is scheduled for the afternoon of Friday, 21 October 1983.

-----

The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry should be supported by a valid receipt or invoice. This ensures transparency and allows for easy verification of the data.

In the second section, the author details the various methods used to collect and analyze the data. This includes both manual and automated processes. The goal is to ensure that the data is as accurate and reliable as possible.

The third part of the document focuses on the results of the analysis. It shows that there is a clear trend in the data, which is consistent with the initial hypothesis. This finding is significant as it provides strong evidence for the proposed model.

Finally, the document concludes with a summary of the findings and a list of recommendations for future research. It suggests that further studies should be conducted to explore the underlying causes of the observed trends.
