

CV of ZHANG Jianjun

Mr. ZHANG Jianjun
General Manager , Professorial Senior Engineer
Zhejiang Chemical Industry Research Institute
No. 387 Tianmushan Road, Hangzhou, Zhejiang, China
310023
Tel: 0086-671-85222268
e-mail: zhangjianjun@sinochem.com
Date of Birth: 20th, Nov. 1964
Place of Birth: Zhejiang, China

Education

Sept. 1988 – April 1991	Graduate Study Department of Chemical Engineering Beijing University of Chemical Technology M.S
Sept. 1981 – July 1985	Undergraduate Study Department of Chemical Engineering Zhejiang University of Technology B.S
July. 1994 – Feb. 1995	Training Program on Catalysis Hokkaido University, Japan
Sept. 1999 – Sept.2000	Exchange Scholar on Industrial Catalysis Technology University of Delft, The Netherland

Experiences;

April 1991 – current	General manager, Professorial Senior Engineer Zhejiang Chemical Industry Research Institute
Sept. 1985 – Sept.1988	Technician Ningbo Electric-chemical Factory

Since I entered Zhejiang Chemical Industry Research Institute in 1991, I have been engaged in research and development of new fluorinated chemicals and process development for more than 30 years. I have accumulated much experience on R&D of ODS alternatives (form HCFCs to HFCs and HFOs), alternatives and emission reduction technology for fluorinated greenhouse gas, standards drafting. I am now also serves as the director of the State key Laboratory of fluorinated greenhouse Gas substitution and Control treatment and the Director of the National Engineering and Technical Research Center for ODS alternatives, vice chairman of National Refrigerant Standards Committee. I have applied for more than 80 patents mostly on fluorochemicals. Meanwhile I also won "Zhejiang Standards Significant Innovation Award" in 2020, UNEP/ASHRAE "low GWP Refrigeration and Air conditioning Innovation Award" in 2019.

I have been nominated as TEAP expert and co-chair of MCTOC since 2014.
