**Thirty-Seventh Meeting of the Parties to
the Montreal Protocol on Substances
that Deplete the Ozone Layer**
Nairobi, 3–7 November 2025

**Implementation Committee under the
Non-Compliance Procedure for the
Montreal Protocol**
Seventy-fifth meeting
Nairobi, 31 October and 1 November 2025

Focal points for licensing systems

Note by the Secretariat

1. In paragraph 2 of decision IX/8, on the licensing system, the Ninth Meeting of the Parties to the Montreal Protocol on Substances that Deplete the Ozone Layer decided that, to facilitate the efficient notification and/or reporting and/or cross-checking of information on licensing systems for controlled substances, each party should inform the Secretariat of the name and contact details of the officer to whom such information and requests should be directed. It also decided that the Secretariat shall periodically prepare, update and circulate to all parties a full list of those contact details.
2. Accordingly, the Secretariat has prepared a list of the names and contact details of those officers (focal points for licensing systems) as at 15 September 2025, which is set out in the annex to the present note. The list and additional contact information are also available on the Secretariat website, including a tool to send emails to these focal points, at <https://ozone.unep.org/countries/additional-reported-information/focal-points-licensing-systems>, and under the individual country profiles at <https://ozone.unep.org/countries>.
3. Of the 198 parties to the Montreal Protocol, 145 have provided information on their licensing focal points and 53 have yet to do so.
4. Parties are encouraged to verify the details of their focal points and to send any corrections to the Secretariat on a regular basis. Any new information or updates in relation to the focal points for licensing systems can be submitted to the Secretariat at the following e-mail address: mea.ozoneinfo@un.org.
