

## **Important issues/logistics for the 18<sup>th</sup> Meeting of the Parties and associated meetings**

### Documents

All working documents for the meetings have been disseminated and could also be downloaded from our website ([http://ozone.unep.org/Meeting\\_Documents/mop/18mop/index.asp](http://ozone.unep.org/Meeting_Documents/mop/18mop/index.asp)).

The compilation of submissions on the paper from Canada regarding the Key Challenges to be faced by the Parties in protecting the ozone layer over the next decade contained in UNEP/OzL.Pro.18/Inf.5 will soon be released. The Parties are invited to submit to the Secretariat, by 12 October 2006, any issues or questions on the Canadian proposal.

### Registration

The conference centre hosting the meetings is a stand-alone venue and access to the inside of the venue is closely monitored allowing entrance only to those carrying a meeting badge.

The registration will take place in an annex to the main building inside the perimeter of the venue grounds. To ease the registration process, we currently expect to establish four separate areas: one for pre-registered delegates and observers who attended the 26<sup>th</sup> Meeting of the OEWG in Montreal and therefore have already had their pictures taken; one for other pre-registered delegates and observers; one for delegates who have not pre-registered; and one for observers that have not pre-registered.

We urge all participants who have not registered yet, to visit our website and register on –line. For those participants that have pre-registered and not participated in the OEWG held in Montreal last July, we would request to send us ([ozoneinfo@unep.org](mailto:ozoneinfo@unep.org)) a digital picture to allow the printing of your badge in advance of the meeting date.
