## **Information provided by parties in accordance with Article 7 of the Montreal Protocol on Substances that Deplete the Ozone Layer**

### **Report by the Secretariat**

#### **Addendum**

### **Introduction**

1. The present addendum contains information received by the Secretariat after the preparation of the report on information provided by parties in accordance with Article 7 of the Montreal Protocol on Substances that Deplete the Ozone Layer (UNEP/OzL.Pro.24/3-UNEP/OzL.Pro/ImpCom/49/2). It therefore supplements and updates that document.

### **Status of compliance with annual data-reporting requirements (Article 7, paragraphs 3 and 3 bis) for the year 2011**

2. After the preparation of the report by the Secretariat (UNEP/OzL.Pro.24/3-UNEP/OzL.Pro/ImpCom/49/2), 16 additional parties submitted their data for 2011, bringing the total number of parties to have reported their 2011 data to 187 (141 parties operating under paragraph 1 of Article 5 and 46 not so operating). The calculated production and consumption data for 2011 for all reporting parties are set out in the annex to the present addendum.

3. The following 9 parties that have not reported their data for 2011 may be considered to be in non-compliance with their annual data-reporting obligations under paragraphs 3 and 3 bis of Article 7 until such time as the Secretariat receives their outstanding data: Guinea, Israel, Liechtenstein, Mali, Niger, Qatar, Sao Tome and Principe, South Africa and Tajikistan.

4. In relation to timeliness, Article 7 requires parties to report by 30 September each year their data for the immediately preceding year. A total of 173 parties met that deadline for 2011 data.
