**Twenty-Eighth Meeting of the Parties to  
the Montreal Protocol on Substances that  
Deplete the Ozone Layer**  
Kigali, 10–14 October 2016

## **Focal points for licensing systems**

### **Note by the Secretariat**

1. In its decision IX/8, the Ninth Meeting of the Parties to the Montreal Protocol on Substances that Deplete the Ozone Layer decided that, to facilitate the efficient notification and/or reporting and/or cross-checking of information on licensing systems for ozone-depleting substances, each party should inform the Secretariat of the name and contact details of the officer (focal point) to whom information and requests should be directed. The Secretariat has prepared a list of names and contact details of such focal points, as at 1 September 2016 (see annex). The same names and contact details, which have not been formally edited, appear on the Secretariat's website at: <http://ozone.unep.org/en/focal-points-licensing-systems-trade-ozone-depleting-substances-decision-ix82>.
2. Out of 197 parties to the Montreal Protocol, 140 have provided information on their focal points and 57 have not yet done so.
3. Parties are encouraged to check the details of their focal points and to send to the Secretariat any necessary corrections and updates on a regular basis. Any new information or updates in relation to the focal points for licensing systems may be submitted to the Secretariat at the following e-mail address: [ozoneinfo@unep.org](mailto:ozoneinfo@unep.org).
