

**Montreal Protocol
on Substances that
Deplete the Ozone Layer**

Distr.: General
10 September 2026

English only

**Thirty-Eighth Meeting of the Parties to
the Montreal Protocol on Substances
that Deplete the Ozone Layer**
Kigali, 2–6 November 2026

**Implementation Committee under the
Non-Compliance Procedure for the
Montreal Protocol**
Seventy-seventh meeting
Kigali, 30 and 31 October 2026

Focal points for licensing systems

Note by the Secretariat

1. In paragraph 2 of decision IX/8, on the licensing system, the Ninth Meeting of the Parties to the Montreal Protocol on Substances that Deplete the Ozone Layer decided that, to facilitate the efficient notification and/or reporting and/or cross-checking of information on licensing systems for controlled substances, each party should inform the Secretariat of the name and contact details of the officer to whom such information and requests should be directed. It also decided that the Secretariat shall periodically prepare, update and circulate to all parties a full list of those contact details.
2. Accordingly, the Secretariat keeps an updated list of the names and contact details of focal points for licensing systems on its website, at <https://ozone.unep.org/countries/additional-reported-information/focal-points-licensing-systems>, including a tool to send emails to these focal points. The names of the focal points for licensing systems and the tool to send emails to them are also available under the individual country profiles at <https://ozone.unep.org/countries>.
3. Of the 198 parties to the Montreal Protocol, 146 have provided information on their licensing focal points and 52 have yet to do so.
4. The annex to the present note sets out the changes in the list of focal points for licensing systems since document UNEP/OzL.Pro.37/INF/4–UNEP/OzL.Pro/ImpCom/75/INF/4 was issued on 15 September 2025.
5. Parties are encouraged to verify the details of their focal points and to send any corrections to the Secretariat on a regular basis. Any new information or updates in relation to the focal points for licensing systems can be submitted to the Secretariat at the following e-mail address: mea.ozoneinfo@un.org.

Annex***Updates on focal points for licensing systems since the publication of document****UNEP/OzL.Pro.37/INF/4–UNEP/OzL.Pro/ImpCom/75/INF/4**

Additional contact information may be provided to requesting parties, upon request to the Ozone Secretariat.
