Report by the Secretariat

Addendum

1. In response to paragraph 6 of decision XXX/3 of the Thirtieth Meeting of the Parties, the Secretariat provided an overview outlining the procedures under the Montreal Protocol on Substances that Deplete the Ozone Layer and the Multilateral Fund for the Implementation of the Montreal Protocol by which the parties review and ensure continuing compliance with Protocol obligations and with the terms of agreements under the Fund (UNEP/OzL.Pro.WG.1/41/3). The overview incorporated information provided by the secretariat of the Multilateral Fund in a document that had been posted on the web portal of the forty-first meeting of the Open-ended Working Group as a stand-alone background document.¹

2. In a decision adopted at its eighty-third meeting, held from 27 to 31 May 2019, the Executive Committee of the Multilateral Fund took note of a document prepared by the secretariat of the Multilateral Fund on current monitoring, reporting, verification and enforceable licensing and quota systems (UNEP/OzL.Pro/ExCom/83/38) and requested the secretariat of the Multilateral Fund to forward that document to the Secretariat so that it could be annexed to the document that had previously been posted (see para. 1 above) and made available in that format to the parties at the forty-first meeting of the Open-ended Working Group, in line with decision 82/86 (b) of the Executive Committee. The combined document, issued on 10 June with a cover page bearing the heading “Overview of the procedures under the Multilateral Fund by which parties review and ensure continuing compliance with the terms of agreements under the Fund: reissued”, has been posted on the web portal of the forty-first meeting as a background document for consideration by the parties.
