Forty-second meeting***
Montreal, Canada, 13–17 July 2020

Scale of assessments and rates of exchange for contributions by parties to the 2021–2023 replenishment of the Multilateral Fund for the Implementation of the Montreal Protocol

Note by the secretariat

The annex to the present note contains a table showing the scale of assessments and rates of exchange for contributions by parties not operating under paragraph 1 of article 5 of the Montreal Protocol to the forthcoming 2021–2023 replenishment of the Multilateral Fund for the Implementation of the Montreal Protocol. The scale has been adjusted for the purpose of the Multilateral Fund contributions on the basis of the United Nations scale of assessments for the period 2019–2021 (see General Assembly resolution 73/271). The adjusted scale of assessments and the rates of exchange are presented as received from the United Nations Environment Programme in its capacity as Treasurer of the Multilateral Fund.

An updated version of the present note will be issued before the Thirty-Second Meeting of the Parties to the Montreal Protocol, scheduled to be convened later in 2020.

* Some of the items on the provisional agenda for this meeting will be discussed online and others will be deferred to a later date.

Annex

Scale of assessments and FERM rate for contributions by parties to the 11th replenishment (2021–2023) of the Multilateral Fund for the Implementation of the Montreal Protocol.

Country	United Nations Scale of Assessment for the period 2019-21*	Adjusted UN Scale of Assessment with no party contributing more than 22%	Annual contributions for years 2021, 2022 and 2023 in (United States Dollar)	Average inflation rate for the period 2018 -2020 (percent)	Qualifying for fixed exchange rate mechanism, use 1=Yes, 0=No	Fixed exchange rate mechanism users' rate of Exchange**	Fixed exchange mechanism users national currencies	Fixed exchange mechanism users contribution amount in national currencies
