**WMO/UNEP Ozone Research Managers of
the Parties to the Vienna Convention for
the Protection of the Ozone Layer**
Sixth meeting
Vienna, 19–21 September 2005

Provisional agenda

1. Opening of the meeting.
2. Organizational matters:
 - (a) Election of the Chair;
 - (b) Adoption of the agenda.
3. Review of the recommendations adopted at the fifth meeting of the Ozone Research Managers¹, and the resulting decisions of the sixth meeting of the Conference of the Parties to the Vienna Convention for the Protection of the Ozone Layer², in particular decision VI/3.
4. Current state of the ozone layer.
5. The World Meteorological Organization's Global Atmosphere Watch monitoring programme: global ozone and UV-B radiation observing and monitoring system.
6. Network for the Detection of Stratospheric Change (NDSC).
7. World Climate Research Programme project on "Stratospheric Processes and their Role in Climate" (SPARC).

¹ Held in Geneva, Switzerland, from 25 to 27 March 2002. For the report of the meeting, see the World Meteorological Organization's Global Ozone Research and Monitoring Project Report No. 46 of March 2002.

² Held in Rome, from 25 to 29 November 2002. For the report of the meeting, see document UNEP/OzL.Conv.6/7.

8. Science, environmental effects and technology and economic assessments under the Montreal Protocol:
 - (a) Status and plans for the 2006 assessment;
 - (b) Special report by the Intergovernmental Panel on Climate Change and the Technology and Economic Assessment Panel on safeguarding the ozone layer and the global climate system.
 9. National reports on existing and planned activities relating to ozone research and the monitoring, calibration and archiving of measurements; and UV-B monitoring and initiatives aimed at the prevention of UV-B and sun-related injuries.
 10. Information on the organization of events to celebrate the twentieth anniversary of the Vienna Convention and of the sixth meeting of the Conference of the Parties to the Vienna Convention, the seventeenth meeting of the Parties to the Montreal Protocol and associated meetings.
 11. Adoption of recommendations and of the report, which should have the following structure:
 - (a) Introduction;
 - (b) Systematic observations;
 - (c) Data archiving;
 - (d) Research needs;
 - (e) Capacity-building.
 12. Other matters.
 13. Closure of the meeting.
-
